Members Guide

Welcome to The Pregnancy Project

Welcome to The Pregnancy Project. We are excited to work alongside you in creating meaningful and exceptional work to better serve the community of NY's Capital District. Our mission is comprised of both improved access of potential clients to birth and postpartum professionals that best fit their needs and also improved networking amongst these professionals themselves.

Being a member of The Pregnancy Project offers you the platform of a committed and dedicated network of prenatal, birth, and postpartum professionals invested in the empowerment of women and their families and the advancement of our integrity as a field. Recognized as a resource for the community, our members are presented in an organized and easy to navigate directory for potential clients to make the next step in accessing their care.

This promotes informed care and better outcomes for our clients.

Your membership to The Pregnancy Project also means you'll have access to resources and support to grow and build your business to best serve your ideal clients. This includes networking events where we will have the opportunity to understand our practice frameworks, our common goals, and how we can better refer clients who may be seeking a form of care that differs from our own practice philosophies. The Pregnancy Project is also committed to offering networking through other mediums and approaches such as digital resources, blogging, podcasts, and webinars.

About The Pregnancy Project

The Pregnancy Project was created in 2009 and in 2012 grew to become an all encompassing group of dedicated professionals that support mothers, babies, and families during the prenatal, birth, and postpartum period. In 2017 it has grown to not only be a directory of providers but also an active networking community of providers striving towards core common goals while acknowledging differing frameworks of practice. All members are providers local to the Capital Region of New York.

Organizers + Collaborators

The Pregnancy Project is a collaborative effort that is founded in both the respect of its beginnings in 2009 and it's commitment of its prior volunteers (Michelle Doyle and Buffy Owens). Most currently the core organizers and collaborators are below.

In 2014 she co-founded The Petite Retreat, a one day educational event that presents information and local resources to both expecting and experienced parents to support them in informed decisions and exploration of parenting styles. Amber is certified as a Babywearing Educator through the Babywearing Institute and is also certified as an Infant Massage Instructor. She has experience and training with the H.U.G. approach and values its importance in her babywearing teachings and infant development classes. She is the mother of two and resides in Guilderland.
